

Discard and Donate Service Quick Guide

Your relocation team understands that moving is a stressful time for you and your family. We will provide a professional organizer to assist you in preparing for your move.

Discard and Donate is a pro-active approach that helps achieve the following goals:

- ✓ Customized service to meet your needs, as every family situation is different.
- ✓ Help identify any household items that you may not want or need in your new home.
- ✓ Provide “hands on” help to sort, purge and de-clutter your home
- ✓ Manage logistics to take these items off property for you, including all arrangements to have those items donated or discarded.
- ✓ Items outside the scope of our service include paint, chemicals, hazardous waste, or construction debris, as those items are not part of the household goods move.

Benefits

- ✓ Simplifies your move and saves you time
- ✓ Eliminates clutter which improves your home’s appearance for sale
- ✓ Eases transition if you are downsizing to a smaller home
- ✓ Provides a donation receipt for charitable tax deductions
- ✓ Reduces the size of the move, saving your company money and reducing the environmental footprint of the move

Examples of Discard and Donate scenarios:

Single Meeting with no follow-up required: If you only have a small amount to be donated or discarded, the organizer can often remove it in their vehicle at the end of the meeting.

Meeting(s) and logistical follow-up as needed: You and the organizer can identify all of the items to be donated or discarded during your initial meeting. The organizer will schedule an additional meeting if needed and make outside arrangements to have the items removed. Additional visits are conditioned on being productive and efficient in reducing the size of your shipment ahead of your move.

Service may include:

- Donation Truck (you receive the donation receipt)
- Hauling service for items that can’t be donated or sold
- Document Shredding
- Truck to take items to a consignment shop
