

Household Goods Move Tips

We are pleased to assist with your upcoming household goods move. While it remains our goal to make this process as easy and stress-free as possible for you and your family, we must rely on you to fulfill some important responsibilities. Please review the following information to help ensure the success of your relocation.

Pre-Move

- **Carefully review your copy of the Amazon Relocation Program Benefits.** This document is intended to provide you with useful information regarding your move as a supplement to the benefits, not a replacement of the benefits or any of the terms and conditions contained therein.
- **Allow your Carrier Customer Service Coordinator to schedule an in-home visual survey.** Please schedule the survey as soon as possible, even if you do not plan on moving immediately. This step is important to guarantee adequate planning for your move.
- **Confirm that the carrier has all necessary paperwork.** If you need a visa to enter or remain in the U.S., please confirm that the carrier has this documentation **before** your shipment is packed and loaded. Incomplete or missing paperwork may result in the delay of your shipment and additional costs may be incurred by you.
- **Consider donating your unwanted household good items.** Donating unwanted items can help others in need and reduce the environmental impact of your relocation. It can also reduce move costs to Amazon.

Valuation Protection

- **Replacement Value Protection is included with your shipment.** Therefore, if any of your items are damaged or lost they will either be repaired or replaced at their current fair market value, whichever is less.
- **Valuation protection is in effect while your goods are in the possession of the carrier.** You will receive a separate document that outlines the specific dollar values associated with your shipment's valuation protection.
- **Professional appraisals and proof of purchase may be required.** The monetary value of high value items such as artwork or antiques must be supported by the appropriate documentation.

Pack and Load

- **Moving services are performed Monday through Friday, 8:00 a.m. to 5:00 p.m. local time.** After-hours and weekend services are not permitted.
- **A full packing service may be included.** Please plan to have all approved items packed by the carrier. Any boxes that were previously packed must also be inspected/repacked by the carrier.
- **A third party service provider may contact you prior to the loading and delivery of your goods.** Third party providers are used for appliance servicing, crating/uncrating, and disassembly/reassembly of specialty items. Please note, when winter weather policies are in effect, the appliances and specialty items may need to acclimate to the temperature for 24 hours before they can be serviced.
- **Your physical presence is required for the pack and load process.** You will be responsible for reviewing and signing the Bill of Lading, the inventory forms, answering questions and participating in a final walk through of your home. If you are unable to oversee the move personally, you may designate a reliable family member or friend, over the age of 18, to act on your behalf.

- **Designate an area for goods you wish to transport yourself.** Keep these items separate from the remaining goods to be packed. Clearly communicate with the crew leader your intent to keep these items separate to help avoid confusion for the packing and loading crews.
- **Prepare your appliances and electronics.** Before disconnecting any computer system, back up all of your data. Disconnect all electronic equipment. For all printers, remove the ink/toner cartridge to prevent damage from spilled contents. Before shipping your refrigerator or freezer, it will need to be disconnected, defrosted, thoroughly dried out and free of any food remnants, at least 24-hours prior to your move date. Leave the doors open to ensure it dries completely. Carriers will not be responsible for mold or mildew found in appliances.
- **Remove any items attached to the walls that you plan to relocate.** The followings items must be removed if they will be transported by the carrier: drapes, blinds, bookcases, and shelving units.
- **Check for items left behind.** When loading is complete, check for any items in closets, attic, basement, cupboards, drawers, garage, and patio. Please remember that anything left behind will be your responsibility to transport.
- **Check for property damage.** Residential damage must be documented on your move paperwork and reported to your driver immediately upon occurrence. Please also notify your Carrier Customer Service Coordinator and your Graebel Consultant within 24 hours of occurrence. Your claim must be filed within 30 days of occurrence.
- **Keep a copy of the Inventory Form with you.** You will receive a copy of this during the pack and load process and it will be needed again on the day of your delivery.

Delivery Information

- **Your physical presence is required for the delivery during the entire delivery spread.** You will be responsible for reviewing and signing the Bill of Lading, the inventory forms, answering questions and participating in a final walk through of your home. If you are unable to oversee the move personally, you may designate a reliable family member or friend, over the age of 18, to act on your behalf.
- **Provide your new contact information.** Contact your Graebel Consultant and Carrier Customer Service Coordinator upon arrival at your destination to provide your contact information, delivery address, and to confirm destination services. ***It is also important to know if you anticipate difficult access for a full sized tractor-trailer at your destination.***
- **You may be authorized for unpacking.** Please contact your Graebel Consultant to discuss the specific unpack options available to you. The crew is not authorized to put items away.
- **Note any damaged or missing items.** When you receive your goods at the destination residence, verify receipt by using the Inventory Form provided by the carrier. Be sure to appropriately notate any damaged or missing goods before signing the documents.

- **You are authorized one debris pick-up.** The pick-up must be completed within your relocation benefit requirements. If needed, schedule this service with your Carrier Customer Service Coordinator.
- **Perform a final walk through of the home and check for property damage.** Residential damage must be documented on your move paperwork and reported to your driver immediately upon occurrence. Please also notify your Carrier Customer Service Coordinator and your Graebel Consultant within 24 hours of occurrence. Your claim must be filed within 30 days of occurrence.

Storage Benefit

- **You may be entitled to a storage benefit.** Amazon may cover the cost of storage for your household goods while you secure your residence in the new location. Refer to your Relocation Agreement for your specific storage allowance.
- **You will not have access to your stored goods.** Your household goods will be stored in a warehouse facility with no public access.
- **Amazon will not pay to store vehicles of any type.** Storage of vehicles is not approved under your relocation benefits.
- **A minimum of two weeks advanced notice is required for delivery out of storage.** Please note, four to six weeks' notice will be needed during peak season, May through September. Work with your Carrier Customer Service Coordinator for assistance in scheduling the delivery of your household goods out of storage.

Additional Notes

- **Services outside of the Amazon Relocation Program Benefits are not authorized.** If additional services are requested, you should expect to incur the charges associated with the services if they fall outside of your relocation benefits. Should any questions arise concerning exceptions to your relocation benefits, please contact your Graebel Consultant.
- **Review and complete all paperwork.** Please take the time to thoroughly complete all paperwork associated with your move. Check off all items on your Inventory Form at the time of delivery and make notes on the paperwork if you disagree with the descriptions of your goods.
- **Never sign blank service forms.** Proper documentation is extremely important for accurate billing and claims settlement.
- **Claims must be submitted within 90 days of delivery date for household goods damage.** Please notify your Graebel Consultant immediately if you need to file a claim.
- **Ask questions.** Ask the packer or driver questions if you do not understand what you are signing. Your Graebel Consultant is also available to assist with any questions.
