

Online Expense Report User Guide

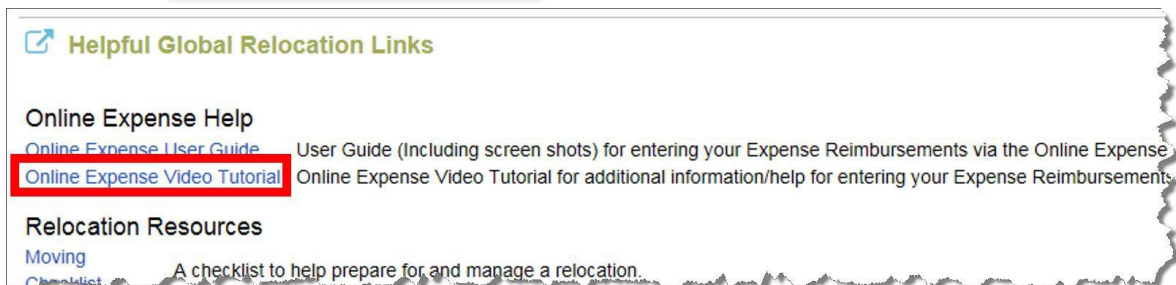

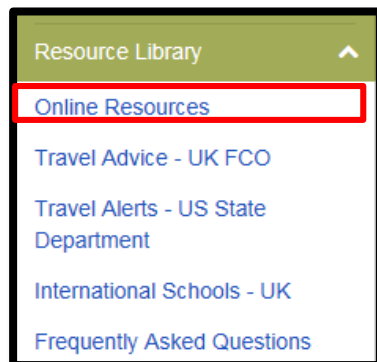

Best Practices

- \$ Always submit expenses within 30 days so the information can be recalled easily.
- \$ Include ALL receipts and be sure they meet policy guidelines.
- \$ Receipts must include the company identification.
- \$ Include dates for all mileage reimbursements.
- \$ Make sure all receipts are legible. You can write a short description on the receipt for clarification. Example – Final Travel – Lunch.
- \$ Provide an English translation for receipts not printed in English.
- \$ Scan all receipts into one attachment in the proper order to make uploading and processing easier.
- \$ Mark non-reimbursable items clearly on the receipts and don't include in the total.
- \$ Select the correct currency to avoid confusion.
- \$ Valid proof of payment is required

Entering a New Expense

1. To begin entering a new expense, login into globalCONNECT and click **My Expenses** from the menu on the left.
2. Then click **My Expense Reports**.

Check out the **Online Expense Video Tutorial** located under **Resource Library/Online Resources** for a video version of this guid

You can check the status of your expense on your dashboard when you login to globalCONNECT:

The screenshot shows the globalCONNECT dashboard for user Katy Perry. The left sidebar contains navigation links: Dashboard, Perry, Katy, Relocation Details, Timeline, My Benefits, Documents, Employee Contact Info, Spouse / Partner, Children & Dependents, Services, Banking Information, Pets, Document Library, Area Tour/Home Finding, Move Management, Temporary Living, My Expenses (selected), Destination Information, and Resource Library. The main content area displays a welcome message from Bill Nemer, SVP, Client Services. Below this is a section titled 'Status of Your Expense Reports' which contains a table with the following data:

Expense Report	Requested Amt	Status
House Hunting	1,721.00 USD	In Process 6/16/2015
Final Trip	641.49 USD	Draft 1/29/2016
Temporary Living	3,250.00 USD	Hold-Exception Documentation 1/29/2016
438520	0.00 USD	Draft 4/15/2016

Expense Status Definitions	
Draft	Expense has not been submitted and can still be edited.
In Process	Expense has been received but has not yet been approved.
Hold	Expense has been received and is on hold pending further information (e.g. missing receipts, missing banking information etc.)
Approved	Approved for payment but payment has not yet been issued.
Paid	Expense has been paid out by Graebel.
Denied	Expense was not approved per policy - your Consultant will provide details.
Cancelled	Expense was deemed to be invalid - your Consultant will provide details.

Banking Information

The time period for payments to be received and posted to your account varies by payment method and country. Below are **estimated** time frames of receipt from the date Graebel approves the payment, not the date the expense report was submitted.

- \$ ACH (Electronic Funds Transfer) US Only – 2 business days from Graebel Approved Date
- \$ Wire to US Bank – 1 business day from Graebel Approved Date
- \$ Wire to Non US Bank– 3 to 4 business days from Graebel Approved Date

Check with your bank on timeframes for receiving funds as these can vary.

Entering Banking Information

1. To enter your banking information, login into globalCONNECT and click on **Banking Information** from the menu on the left.
2. Click the + icon to add a new account.

If you already have banking information entered that you would like to edit, it will appear here and you can click the pencil icon, enter corrections and Save.

3. Please enter all the * required fields and any other relevant information based on the next steps shown and the list provided on the previous page.
4. Banking requirements will vary by country. Your country specific requirements can be located by clicking the “Help” icon on the banking page, which will prompt your details:

? Page Help

Instructions for completing your bank account data correctly are located here

Please review [this document](#) by selecting the country where your **bank is physically located**. The corresponding page will provide you with the information necessary to process your payments quickly and efficiently to your bank. All fields must be completed as required by your bank's country. If the data entered is not completed correctly or data is missing, it will delay your payment. Your Graebel consultant will notified after the wire has been rejected by your bank.

PLEASE NOTE: failure to enter all required bank wire instructions will result in delays for your payment!

Country-specific bank account requirements can be found here

Prior to opening a bank account in your new location, please review the Bank Account Requirements information for that location in the link provided [here](#). To obtain that information, select your desired country or city from the lists provided and information about your selected location will appear. Under the **Local Living** menu item (left-hand side of the screen), select **Money & Banking** then select **Bank Account Requirements**. Review this information carefully to ensure you have all the necessary documents available when opening a new bank account.

If you are unsure of one of the banking details being requested- please verify directly with your bank.

Bank Account Details

- \$ Check **Primary** if you are adding more than one bank account.
- \$ Enter **Account Location** - this is the location of the account you are entering – Home (origin), Host (destination) or Other.
- \$ Enter **Account Type** - this is typically Checking-ACH (or current account) or Checking-Wire. \$ Enter **Account Currency** – this is the currency of the account.

Bank Information (Bank Institution in United States)

- \$ Enter **Account Number**. Note: not cash or reloadable card
- \$ Enter **Names on Account** - the names of the account holders as they appear on the account in English.
- \$ Enter **Bank Name**.
- \$ **ABA Routing #** - Only for US Wire and ACH payments. This can be located here when viewing a check:

Bank Information (Bank Institution outside the United States)

- \$ Enter **Account Number**. Note: not cash or reloadable card
- \$ Enter **Names on Account** - the names of the account holders as they appear on the account in English.
- \$ Enter **Bank Name**.

- \$ **SWIFT/BIC Code** – Only for Non US Bank wire transfers. Consists of 8 or 11 identifying characters.
- \$ **IBAN** (International Bank Account Number) – Required mainly for European and Middle Eastern Banks.
 - \$ Enter **Bank Address Line 1** – Street Address of bank.
 - \$ Enter **Country, State and City** of bank.

My Contact Information Section

- \$ **Name as it appears on bank account** is the same information you entered previously in Names on Account. Please enter this in English.
- \$ **Phone number of account holder** should be your contact phone number, including country code.
Note: Please do not use any special characters, e.g. +
- \$ **Country of account holder** is the country where you as account holder are residing.

Country Specific Wire Data

- \$ Include any additional information that is required by your bank or country, if applicable
- \$ Click **Save** once all required information has been entered.
- \$ The data saved will appear in the **Bank Account Summary** section at the bottom of the screen.
